

- Mining and washing of coal
- Mining and processing of non-ferrous metal ores
- Mining of other ores
- Manufacture of liquor, beverages and refined tea
- Manufacture of textile, wearing apparel and accessories
- Manufacture of furnitur
- Manufacture of articles for culture, education arts and crafts, sport and entertainment activities
- Manufacture of medicines
- Manufacture of non-metallic mineral products
- Manufacture of metal products
- Manufacture of automobiles
- Manufacture of computers, communication and other electronic equipment
- Utilisation of waste resources
- Production and supply of gas
- Extraction of petroleum and natural gas
- Mining and processing of non-metal ores
- Processing of food from agricultural products
- Manufacture of tobacco
- Manufacture of leather, fur, feather and related products and footwear
- Production and supply of electric power and heat power

- Manufacture of paper and paper products
- Processing of petroleum, coal and other fuels
- Manufacture of chemical fibers
- Smelting and pressing of ferrous metals
- Manufacture of general purpose machinery
- Manufacture of railway, ship, aerospace
- Manufacture of measuring instruments and machinery

and other transport equipments

- Repair service of metal products, machinery and equipment
- Production and supply of water
- Mining and processing of ferrous metal ores
- Professional and support activities for mining
- Manufacture of foods
- Manufacture of textile
- Processing of timber, manufacture of wood, bamboo, rattan, palm and straw products
  - Printing and reproduction of recording media
  - Manufacture of raw chemical materials and chemical products
  - Manufacture of rubber and plastics products
  - Smelting and pressing of non-ferrous metals
  - Manufacture of special purpose machinery
  - Manufacture of electrical machinery and apparatus
- Other manufacture

Fig. 4. Energy consumption by industry in industry sector in 2019
